

April 17, 2020

Dear Parents and Guardians,

I hope this letter finds you safe and well during this unprecedented time of isolation due to the presence of COVID-19 (coronavirus). At Cape Abilities we are striving to adapt to the present and plan for the future so that our mission continues moving forward. I want to assure you that the health, safety and well-being of your loved one remains our top priority.

Please find comfort in knowing that Cape Abilities remains vigilant in its efforts to continuously monitor the evolving situation in response to the increasing spread of the COVID-19 virus. In our efforts to keep your loved ones and our staff safe, we are actively implementing COVID-19 Organizational Guidelines that directly align with the most up-to-date guidelines and information from the Massachusetts Department of Public Health, Centers for Disease Controls and state and local agencies and officials to keep our staff and your loved ones safe. [Please click here to review the COVID-19 Organizational Guidelines](#) and see the policies, procedures and practices we are implementing throughout our entire organization to ensure the health, safety and well-being of the individuals we serve, our staff and our community.

In addition, we are happy to report that not one program participant or staff person has tested positive with the COVID-19 virus. We currently have zero participants and one staff member that were sent for testing and awaiting results. If at any point in time there is ever a positive test, we will alert you immediately!

As always, if you have any thoughts or questions, please do not hesitate to let me know.

Please be safe,

A handwritten signature in black ink, appearing to read 'JS', is placed over a light gray rectangular background.
